

Exhibitor Manual

Please take the time to carefully review the exhibitor manual. It includes vital organizational details and important milestones needed for the successful execution of Drone Days 2026.

Content

- 1) Setup Oldenburg-Hatten Airfield
- 2) Participant registration for Drone Days
- 3) On-site logistics and infrastructure
- 4) Flight demonstrations
- 5) Technical requirements for presentations
- 6) Booking of visibility packages
- 7) Dates and deadlines
- 8) Your contacts by topic

Setup and Teardown Times

Oldenburg-Hatten Airfield

For exhibitors with Packages 1, 2, and 3, we are offering two setup days. You may set up at the Oldenburg-Hatten Airfield on the following days:

- Monday, August 24, 2026, between 10:00 a.m. and 7:00 p.m.
- Tuesday, August 25, 2026, from 10:00 a.m. to 7:00 p.m.

Dismantling will be possible on August 28, 2026, starting at 4:30 p.m., after the event has ended.

Participant registration for Drone Days

Registrations are individual - every person who wishes to participate in Drone Days 2026 must register separately. This also applies to exhibitors: Booking a booth does not automatically register you and your team for Drone Days.

Please complete this step as soon as possible, if you haven't already:

[Register as a participant now](https://drone-days.de/en/teilnehmen)

<https://drone-days.de/en/teilnehmen>

On-site logistics and infrastructure

Travel & Parking

Free parking is available at the central parking lot.

A detailed site plan with a Google Maps link can be found at:
<https://drone-days.de/en/locations>

Delivery & Setup

Flugplatz Oldenburg-Hatten GmbH
Wulfsweg 6
26209 Hatten

Setup takes place directly on the Oldenburg-Hatten Airfield (EDWH) premises. Upon arrival at the main entrance, our staff will welcome you, provide instructions, and guide you directly to the hangar.

Infrastructure at your booth

- Power: We provide one standard 5-outlet power strip per exhibition area.
- Internet: There will be no public Wi-Fi network on-site. You are of course welcome to set up and use your own mobile hotspots.

Dates and deadlines

---	-----------	---

Technical requirements for presentations

To ensure a smooth flow of presentations during Drone Days 2026, we rely on professional event technology. Please adhere to the following guidelines when submitting your content:

- PowerPoint in PPTX format, Office 2016 or newer
- Aspect ratio: 16:9
- Videos as .mp4 with 1080p (full HD) or better
 - no .mov formats
 - send embedded films separately
- Send special fonts separately

We kindly ask you not to bring your own equipment. For individual arrangements, please contact ausstellen@drone-days.de.

Flight demonstrations

For the holders of packages 1 & 2, there is an opportunity to conduct a flight demonstration at the Oldenburg-Hatten Airfield as part of the Drone Days 2026.

In the following link, you will find the relevant guidelines that must be met and proven to the organizer and airfield operator.

Registration for the air show must be received by August 12, 2026, at the latest. Proof of compliance with the guidelines must also be submitted by this date. Registrations received after this date cannot be considered.

**We are looking
forward to successful
Drone Days 2026
with you!**

**DRONE
DAYS**

A stylized white line-art graphic of a drone in flight, positioned to the right of the 'DRONE DAYS' text. The drone is tilted upwards and to the right, with dashed lines indicating its path or signal. The text 'DRONE DAYS' is in a bold, sans-serif font, with 'DRONE' on the top line and 'DAYS' on the bottom line.
